

# Aura Sconce

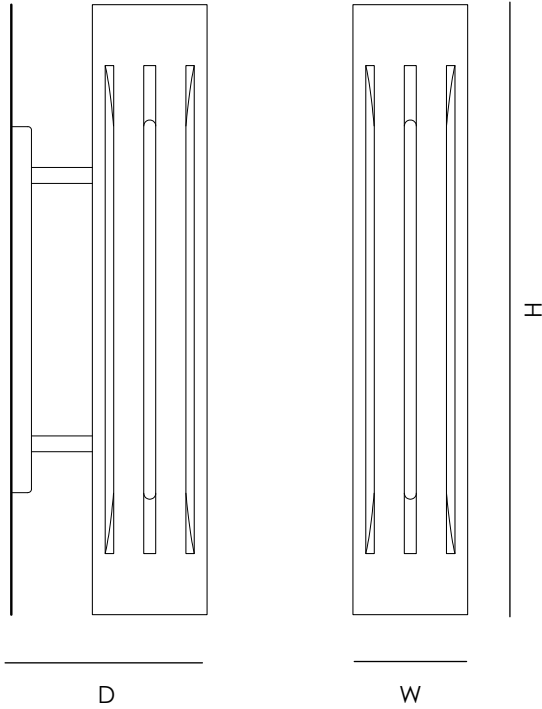

Sculpted from a single marble block, Aura is a contemporary reinterpretation of the ancient outdoor lanterns, made possible by the finest techniques in stone fabrication. Vertical cuts on the cylindrical surface allow light to pass throughout the entire inside of the sconce while the translucency of the marble evokes transcendence and spirituality.

When the lamp is lit up, the natural veins of the stone become dark, creating a dramatic effect of contrast. When the lamp is off, Aura becomes a sculpture and shows all the beautiful colors of an extraordinary stone.

Handcrafted in Italy

## LAMPING

MRI16 SORAA LED BULBS (Included)  
2 x 7.5W (50W Equivalent) LED  
930 Total Lumen Output  
3000K / 95 CRI  
GU10 Base / Dimmable /  
120 Volt / 240V  
Voltage 120-240

## DIMENSIONS

19.7" H X 4" W X 6.25" W V  
500mm H X 100mm W X 160mm W

## MATERIALS

SHADER Natural Stone  
PLATE Plated Steel - Burnished Brass

## WEIGHT

11 Lbs (5 kg)
